

Ruby - Bug #10605

doc (Kernel rubydoc %x syntax examples mix %x and `)

12/16/2014 04:50 PM - kanat (Kanat Bolazar)

Status:	Third Party's Issue	
Priority:	Normal	
Assignee:		
Target version:		
ruby -v:	2.1.5	Backport: 2.0.0: UNKNOWN, 2.1: UNKNOWN
Description tiny low-priority bug @ ruby-doc.org Kernel rubydoc for %x gives examples like %xdate (and others) find-replace must have messed this up, probably fromdate -> %xdate instead of %x{date} http://www.ruby-doc.org/core-2.1.5/Kernel.html		

History

#1 - 07/09/2019 01:20 AM - jeremyevans0 (Jeremy Evans)

- Status changed from Open to Third Party's Issue

ruby-doc.org is a third party site, so this would be an issue to report to them. However, %xdate no longer appears on the linked page.
