

Ruby - Bug #7504

Rdoc for OptionParser (remove "developer documentation" from Rdoc output)

12/04/2012 12:25 AM - stomar (Marcus Stollsteimer)

Status:	Closed	Backport:
Priority:	Normal	
Assignee:	zzak (zzak _)	
Target version:	2.0.0	
ruby -v:	ruby 1.9.3p194 (2012-04-20 revision 35410) [i686-linux]	
Description		
The rdoc for OptionParser starts with "developer documentation" that's "not for RDoc output", which is a little strange.		
In case this is not intentional for some reason, the patch removes this part of the docs from the output (using #--' / #++').
