*Mr. Growth*

## Who is He?

Mr. Growth is a character created to show Epom core values: we are flexible, friendly, and value the human approach to the business. We also ensure smart and cost-effective ad campaign management for our clients to succeed and grow their businesses.

The head of the Mr. Growth is illustrated as an arrow, which indicates the direction upwards. This is how we want to show that Epom products will lead you to success.
